

Jury

The **Fondazione Mondo Digitale** has always worked with schools and youth, knowing that the true catalysts of change and innovation are illuminated by schoolteachers, principals and headmasters who believe in the future. This is why the Global Junior Challenge Jury is composed of Italian and international schoolteachers and headmasters. The jury evaluated about 30 projects from September 18-22, 2015.

In particular, each jury member received an Excel file with the list of projects that needed to be evaluated (identified by an ID number). The link is <http://www.gjc.it/2015/it/cerca-progetti>. Projects were evaluated on a range of criteria and received a score of 1 to 10 for each parameter. The total score will determine the overall final score for the project.

The full regulations for the GJC and the criteria for the jury's decisions are available online at www.gjc.it/2015/it/regolamento.

All jury members will be present at the Awards Ceremony that will be held on October 30, 2015 in the prestigious Aula Giulio Cesare at the Rome Campidoglio.
