

SALUTIAMO IL NUOVO ANNO

"Indovinami, indovino, / tu che leggi nel destino: / l'anno nuovo come sarà? / Bello, brutto o metà e metà?". Prendiamo spunto da Gianni Rodari per invitare i bambini a costruire passo passo il futuro del nuovo anno: creiamo un calendario con [CalendarPainter](#) o con [Calme](#).

Gianni Rodari ha scritto una delle filastrocche più belle per salutare insieme con i bambini l'anno nuovo appena iniziato. La filastrocca comincia con una richiesta ad un indovino su come sarà il nuovo anno, procede con alcune rassicurazioni sul fatto che ci saranno senz'altro quattro stagioni, dodici mesi, sette giorni per ogni settimana e si conclude così: "per il resto anche quest'anno / sarà come gli uomini lo faranno".

Quale migliore invito per i bambini a prendere confidenza con le scansioni temporali fisse e con l'idea di dover comunque costruire ciascun nuovo anno passo passo, attraverso scelte, regole, momenti di lavoro e gioco in comune e in autonomia? **Prediamo dunque spunto dalla filastrocca di Rodari per costruire un calendario con foto o con disegni dei bambini.**

La rete ci propone diverse risorse utili. In generale, possiamo scegliere due strade: quella **interamente on line** oppure quella che **richiede il download del software**. In quest'ultimo caso, ho incontrato e scelto per voi [CalendarPainter](#) e [Calme](#). Sono entrambi molto intuitivi, facili da usare e danno la possibilità di generare, a seconda dell'opzione scelta, calendari mensili o annuali. Ecco un esempio dell'intera annata e del mese di gennaio:

FELICE 2016

Gennaio 2016		Febbraio 2016		Marzo 2016
